ANOTHER JOE NIX PLAN TO EN
TERTAIN THE SUMMER VA
CATIONIST

A Delightful Two Days on Jap
anica Arranged Especially for the
Visitors in the City

Joe J. Nix believes that when the
vacationists reach Corpus Christi he
will be at the rear of the city with a
first thought, full enjoyment of bath
ing, fishing and boating, incomparable
atmosphere to the residents of inland
points.

The bathing and boating is ample as
the air has the benefits. Hundreds
of places dot the long coastline
and for fishing it is next to the
best. Thousands of business travel and
other agents of risk, no doubt, in Cor
pus Christi have ready to spring at the
first hinting hours that is dropped over
the rippling surf near the Water.

But as far back as Oklahoma, Mr.
Nix points out, the "Princess" is a
strange in a strange land and not
knowing fully well can take the safest
route of a dangerous road
well out on Corpus Christi Bay for
fear that they may have only the water
to back to and the fishes to entertain
no food.

An experiment and begins to
make Corpus Christi an even more ap
pealing place for the vacationist. The
Nueces Hotel management, Joe Nix
for next Friday evening, 3:30 to 11:30
o'clock, has electric lights, magnific
ent room, Japanese with Japanese
accommodations for one hundred and
fifty.

The owners of the Nueces Hotel, as
well as the owners of other hotels, the
company of summer cottages and
hotels' owners and some four or five
are invited to make the trip on the
Sunday before the Fourth of July over
the Texas State Highway from the
Nueces Hotel or elsewhere, so
that the vacationists will be aware
of the many other accommodations will be
available.

To those reservations for only half
or the night, no house wife will go on
the road. We're asked to secure their
tickets from the Nueces office before
Friday.

If the Nueces plans succeeds using similar
methods will be organized for the sum
mer months and other place to place
the vacationist within the gate will be ar
ranged.

in First 1915 Cotton

The first bale of cotton to be ginned
in Corpus Christi this season was

The cotton seed weighed 149 pounds
and the bale 147 pounds. The late was

presented with a check for five dollars
by the gin manager.

Mr. Carr was immediately outside
the city on the Gulf road and only a
short distance from J. H. Aikin who
last year brought in the first bale for
Nueces county. This year the Corpus
Christi bale was fourth for the county.
Bishop having ginned two bales last
Thursday and Holcomb on Saturday
reporting a first bale.

Within another week or ten days cotton
picking in Nueces county will have
started in earnest and by August 1 the
season will be under full headway.

city, arriving yesterday. They are
guests at the Nueces.

Mr. and Mrs. H. M. Chapman of Tex

visitors at the Nueces.

Alex Anzil, prominent attorney
of the Galveston section, spent yesterday
in the city, having made the trip here
yesterday accompanied by Mr.
W. H. Williams. He is a visiting speaker and
is making the Southwest trip on a tour
of inspection. He stated yesterday
that Corpus Christi presented no new
point to him except he sees in the
growth and improvement recently made
especially attractive.

In the election of officers North and
South Texas chose equal honor, W. N.
King of Dickinson, and who is a brother
of Mrs. C. J. Heath of this city, being
elected president and Mr. Farris being
elected secretary-treasurer. Executive
committee was elected from the
two sections. There were five nomin
ations for the secretaryship and on
the third ballot Mr. Farris had a six
vote of twenty-four. His election
was then made unanimous.

The new post for Mr. Farris will be
mainly in bringing publicity to Cor
pus Christi, for in addition to the
service bulletin issued at frequent intervals
to the four hundred secretaries of the
state press master from here
the association will be issued of
regular intervals and the Cor
pus Christi news will no more be re
duced than before in the daily and
weekly papers of the state.

The Commercial Secretaries went on
trip as before engaged to publish
advertisements of the various
conventions holding at stated intervals
in towns and cities of Texas, only
varying the expenditure by the com
mon organizations of funds for large
fests. For printing of badges and in
some instances for money for the con
ventions.
